ABOUT COMPANY

We are a thirty-five years old steel trading firm with core strengths of deliverability, reliability and availability of material. We are proud of our retention of clients and our professionalism and work processes help us generate new business regularly. We have diversified in steel formwork and are the only company in the National Capital Region of Delhi in dual capacity of steel trading and steel shuttering.

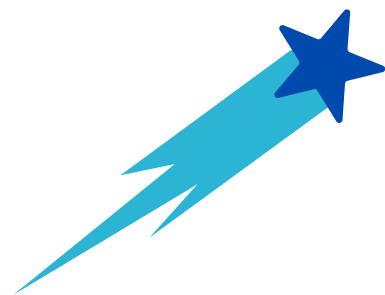

VISION AND MISSION

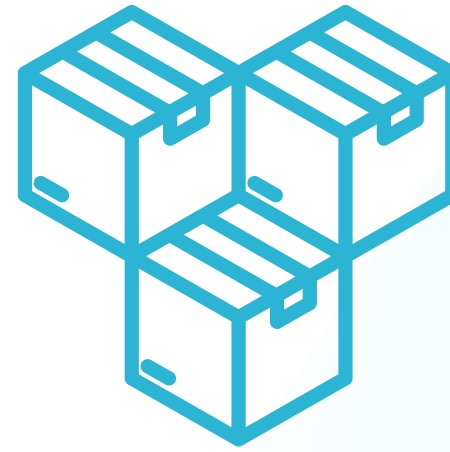

To be the premier supplier of steel construction materials known for excellence, innovation and sustainability.

Build thriving communities, sustainable infrastructure and landmark structures as a testament of our dedication to craftsmanship and client satisfaction.

Together, we shape the world, leaving a lasting legacy of excellence in construction.

CONQUERING THE ODDS

0% WEIGHT SHORTAGE

We ensure that the transporters used for delivering material are old and trusted in order to avoid weight related issues, but in the rare cases if such a problem arises we take strict measures to ensure that the same gets solved to the satisfaction of our clients and is the reason we have retention of our clients since three decades.

PAN INDIA DELIVERY

Delivery of the material all over India. Post the Goods and Services Tax, our work has increased as we are now able to send material all across India and we adhere to tight time schedules in order to meet our commitments.

RANGE OF PRODUCTS

We can supply all the range of products from a pin to a plane with regards to steel for construction, owing to which we can proudly call ourselves as the one stop steel shop for all your construction needs.
